

Environmental Technician

RESOURCE is seeking a full-time **Environmental Technician** for our industrial services team. This is an excellent opportunity for an individual beginning or continuing their career in the environmental industry who wants more than field work – but a sense of belonging to a strong team that is well established. The position will focus on services and support including environmental monitoring and site investigations, sample collection (e.g., water, air, gas, soil), spill response activities, and residual and hazardous waste management. This position will require driving a RESOURCE box truck. RESOURCE services a diversified group of clients that ranges from general industry, education, commercial business, and the natural gas industry. This role is located in Montrose, Pennsylvania.

Qualifications

- HS Diploma or BS/BA with a degree in geology, chemistry, environmental science, or related degree
- Ability to lift 50 lbs. daily
- Ability to perform field work
- Willingness to work
- Excellent writing and communication skills
- Must be able to work independently, communicate effectively, and balance multiple projects and tasks
- CDL is preferred, but not required
- Computer skills including Word, Excel, Microsoft suite software and database software is a plus
- Experience in environmental consulting is a plus

RESOURCE offers competitive compensation and benefits. We are a company that values your ideas and solutions.

RESOURCE is a Drug Free Workplace and an Equal Opportunity Employer, and we value workplace diversity. We invite resumes from all interested and qualified parties.
